

PRODUCTS

Analytical

Thermo SCIENTIFIC

Portable Analyzer Instruments, Inc.
Portable XRF Analyzer for Toys & Consumer Goods, Plastics for RoHS Compliance, Environmental Samples, Metals & Alloys, PMI, and Mining Samples

Automated Kjeldahl Digestion System

analytikjena

Flame and Graphite AAS, UV-VIS spectrometers, elemental analyzers (Cl, S, N, C), mercury analyzers, microwave digestion system

NIR Analyzer for Feeds & Foods

Automated Sample Preparation / FUSION Machines for AAS, XRF & ICP

Cal2k Bomb Calorimeters

Food Analysis System

Portable Petroleum Testing Instruments for Octane, Vapor Pressure, Flash Point, etc

Portable & Bench Top Sulfur & Diesel Analyzer

Water Quality and Microbiology

IDEXX LABORATORIES

Rapid E. Coli, Coliform, Enterococci, & Pseudomonas Testing

Hygiene Monitoring Systems

Complete Water Analysis

Portable pH & Conductivity, Resistivity, ORP, TDS Meters, Pentype Meters. On-line Monitoring/Controllers

Portable Heavy Metal Analyzer

Comparators, Colorimeters & Water Quality Testing

General Instruments

DAIGGER®

General Laboratory Supplies & Equipment

Biosafety Cabinets, Ovens, Refrigerators, Autoclaves & General Laboratory Equipment

Laboratory Balances & Scales

Anemometer, Data Logger, Flow Meter, Hygrometer, Thermometer

Viscometers

Centrifuge

Certified Reference Materials

SPEX CertiPrep

Inorganic and Organic CRM'S & Standards

A Waters Company
Proficiency Testing & CRM'S

Products for Metal Organic & Inorganic Analysis.
CRM'S for Organics Elemental Analysis

Materials Testing

INSTRON

Universal Testing Machines

Material Testing for Polymers

Instruments, Sensors & System for Non-destructive Testing of Materials

Chromatography and Mass Spectrometry Consumables and Supplies

RESTEK

Chromatography Consumables & Supplies

SANTIS analytical

Elemental Analyzer Consumables

Thermo HYPER SIL

Chromatography Consumables & Supplies

DataApex™

Chromatography Software
